Market Report

Thursday, December 12, 2024

An active trade on all ages of bred females. The bred heifers were as good as we have ever offered, some prices reflect the calving date, some reflect the calving interval. Some look high yet most heifers were sold at good value because of how good they were.

We sold 1208 bred heifers with an average wt of 1060 lbs at an average per head of \$2897.
